

# Weekly Report

2016.05.02-2016.05.08

## 1.This Week

### Graduation Design

1.Finish the coding part of my graduation design and almost finish writing paper(85% done).

### Survey

1.Focus our survey on the topic of network security event visualization and figure out the outline of it.

2.Re-classify all the documents according to the outline.

3.Make a writing plan for the survey and assign writing tasks for everyone in this project.

task	member	ddl	state
write introduction	zhangtianye	5.8	finished
write section 2	lizongzhaung	5.11	started
write section 3	zhangtianye	5.12	started
write section 4	wangxvmeng	5.14	started
write section 5	zhangtianye	5.15	haven't started yet
write conclusion	mayuxin	5.15	haven't started yet
polish paper	guofangzhou&mayuxin (everyone)	5.19	haven't started yet

### EBusiness Project

1.Get to know about this project and understand what we are gonna do.

2.Get my task assigned for this project and prepare to get started.

## 2.To Do

(1) Continue writing my graduation paper.

(2) Finish section 3 of the survey and get started with section 5.

(3) Write the patent copyright document for the global network project.

(4) Pay attention to the EBusiness project schedule.
